AXXEL MARKETING

GLOBALLY SOURCED, LOCALLY DELIVERED

PRODUCT CATALOGUE

“

Welcome to the 2022 edition of Axxel Marketing's catalogue.

It has been a busy year for us. We have more products in our inventory than ever before, covering more than 2,000 distinct SKUs across 17 categories and 41 brands.

The corporate gifting industry is more fragmented now than ever. As consumers, you are bombarded with conflicting advice on what are the most suitable and cost-effective products for your company's marketing initiatives. It is difficult to know what to believe and what to ignore. One of the key objectives in this year's catalogue is to cut through the confusion and provide you with sensible, reliable, and above all else, useful information.

Based on our expertise from selling more than 90 million products in over 20 years, we will reveal the best gifting solutions that we believe have been particularly effective in helping companies cultivate engaging experiences with their consumers while driving tangible business results. We will introduce some exciting brands that have recently joined our portfolio, including TROIKA, SIGG, Chili Concept, and Maxema. We will also be introducing our new eco friendly category, where we will feature excellent examples of environmentally friendly gifting solutions that benefit brands, consumers, and the environment alike.

And on top of all these announcements, our biggest and most exciting news will be the revealing of our redesigned and reimagined website. Our creative and UI/UX team has spent countless hours crafting our new website – keeping your experience in mind first and foremost. This includes a completely new design and a set of unique features we believe will meaningfully improve your experience with us; including tools that will help you easily navigate and browse our products, process payments, track orders, generate reports, and communicate with us – with a lot more on its way.

Lastly, we are introducing the use of QR codes in our catalogue this year. These QR codes can be found in every section, which will direct you to our website so you can view the full range of products, make enquiries, or access exclusive offers pertaining to that section.

We hope you enjoy this year's catalogue.

Sincerely,

Michael Lim
Chairman
Axxel Marketing Pte. Ltd.
