MARKET DEMAND AND POPULARITY OF SPORTS PRODUCTS

In today's society, with increasing health awareness and lifestyle changes, the demand for sports products continues to grow. More people are focusing on their physical well-being and actively participating in various sports activities such as running, yoga, fitness, and cycling. This trend not only drives the sales of professional sports equipment but also boosts the demand for related accessories, such as sports water bottles, towels, and backpacks.

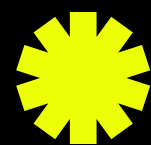

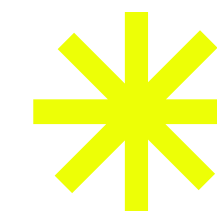

SPORTS-THEMED PROMOTIONAL GIFT

Moreover, sports-themed promotional gifts play a crucial role in brand marketing. By offering sports-related products as gifts, brands can not only capture consumers' attention but also convey a healthy and energetic brand image, enhancing consumer goodwill and loyalty. HOW IT WORKS

At Ocean Bottle, we set up **collection points** & incentivise **plastic collection** in many of the worlds worst affected coastal communities through our collection partners:

ONE

Every Ocean Bottle funds collection of **25lbs** of ocean-bound plastic, equivalent to **1,000 plastic bottles** in weight.

TWO

Collectors exchange the plastic for money and get access to **social** resources such as **healthcare** and **education**.

THREE

Ocean-bound plastic is collected and **recycled** into **new products**, or co-processed to create materials.

FOUR

Every product is tech-enabled with a **NFC** chip, allowing consumers to connect to the Ocean Bottle app.
